### HOW TO PLAY

- Game Play. Go down in the dungeon. Kill everything you meet. Backstab your friends and steals their stuff. Grab the treasure and run.
- Munchkin brings you the essence of the dungeoncrawling experience... without all that messy roleplaying!
- Everything starts as a Level 1 human with no class. Play proceeds in turns, each with several phases. When the first player finishes his turn, the player to his left takes a turn, and and so on. The first player to reach 10th level wins... buy you must reach 10th level by killing a monster, unless a allows you to win another way.

### PRIZES
